Technical Parameters

Function	USB	LCD	LED (torch)
YES/NO	YES	NO	NO

Reading technology	Read 125kHz EM(ID) tags proximity
Material	Aluminum alloyWork power consumption30mA
Storage	80,000 pieces
Impact record	32,000 pieces
Workable temperature	degree Celsius -20 to 70
Workable humidity	30% to 90%
Communication	USB cable
Battery	3.7v built-in rechargeable li-ion battery
Prompt	LED +vibration
Standard accessories	Data cable, safety protective cover, charger plug, software
Baud rate	115200
Performance	IP 67, waterproof, shockproof
Dimension	130mm x 40mm x 25mm
Net weight	170g
